Transcript for the academic year 2021-2022

List of Elective Activities*

First name: Zhongli
Surname: Wang

1. List of conferences you attended and where you presented

Name of the conference	*city, country*	*date (dd.mm. - dd.mm.yyyy)*	*title of your presentation*	*Academic year*	*ECTS*

2. List of conferences you attended (no presenting)

Name of the conference	*city, country*	*date (dd.mm. - dd.mm.yyyy)*	*Academic year*	*ECTS*
ZiFRESEARCH GROUP WORKSHOP "Smart Products, Privacy and Trust"	ZiF Bielefeld, Germany	14.03.2022 – 16.03.2022	2021-2022	2

3. List of workshops/summer schools you attended

Topic of the workshop/summerschool	*city, country*	*date (dd.mm. - dd.mm.yyyy)*	*Academic year*	*ECTS*
16th BiGSEM Workshop on Economics and Management	ZiF Bielefeld, Germany	13.12.2021 – 14.12.2021	2021-2022	2
Lecture Series, Mathematical Science Literature by Eric Maskin: "Game Theory Basic and Classical Existence Theorems"	Harvard University, online	18.04.2022	2021-2022	2

*Such elective activities can be (additional) doctoral courses:

- presentation at international scientific conferences (8 ECTS),
- presentation of a paper at a research seminar outside EPOC (4 ECTS),
- participation at national/international conferences, summer schools, Workshops outside EPOC (2 ECTS)
- accepted paper in a scientific journal (8 ECTS).

University of Zurich[UZH]

Notes on Evaluation of Academic Achievement

Assessments are either graded or marked Pass (Attended/Fulfilled). Grades for assessments are given on a scale of 1 to 6. The highest grade is 6, the lowest 1. Grades awarded in half-grade increments are the norm; quarter-grade increments are possible. An assessment receiving a grade of 4 or higher is deemed passed. ECTS credits are awarded if an assessment is marked Pass or given a grade of 4 or higher. Failed assessments are not listed in the Academic Record.

Weighted Overall Grade

The final degree is given a weighted overall grade. Grades of modules are calculated in the grade for the relevant study program based on their number of ECTS credits; the grades for the individual study programs are calculated in the weighted overall grade based on the defined size of the study program. A Liberal Arts Option is not calculated in the weighted overall grade. The grades for the individual study programs and the weighted overall grade are calculated based on unrounded original values. The calculation of any grades for the individual study program as well as of the weighted overall grade is based on exact values; the result is rounded to the nearest decimal. The completion of studies requires a grade of 4 or higher.

Additional Notes on Evaluation of Academic Achievement

Academic achievement is evaluated in accordance with the framework ordinance at the Faculty of Business, Economics and Informatics of the University of Zurich (Rahmenverordnung für das Studium in den Bachelor- und Masterstudiengängen an der Wirtschaftswissenschaftlichen Fakultät der Universität Zürich) of 29 June 2015.

Obligation to Report

Students are obligated to report any discrepancies within 30 days of receiving the German version of this document. Reports must be sent in writing to the Office of the Dean or Student Affairs Office. After this deadline expires, the information on this document is deemed correct.

Hinweise zur Leistungsbewertung

Leistungsnachweise werden entweder benotet oder mit «bestanden» («teilgenommen»/«erfüllt») bewertet. Die Benotung der Leistungsnachweise erfolgt auf einer Skala von 1 bis 6, wobei 6 die beste und 1 die schlechteste Note bezeichnet. Grundsätzlich erfolgt die Benotung in Halbnotenschritten, Viertelnoten sind zulässig. Der Leistungsnachweis gilt als bestanden, wenn mindestens die Note 4 erreicht wurde. ECTS Credits werden erteilt, wenn die Leistung mit «bestanden» bzw. mit der Note 4 oder besser bewertet wurde. Nicht bestandene Leistungsnachweise werden im Academic Record nicht ausgewiesen.

Gewichtete Gesamtnote
Der Studienabschluss wird mit einer gewichteten Gesamtnote bewertet. Die benoteten Module fliessen mit dem Gewicht ihrer ECTS Credits in das jeweilige Studienprogramm ein, die Studienprogrammnoten mit dem Gewicht der fixen Studienprogrammgrössen in die gewichtete Gesamtnote. Eine Liberal Arts Option fliesst nicht in die gewichtete Gesamtnote mit ein. Sowohl die Studienprogrammnoten als auch die gewichtete Gesamtnote werden mit ungerundeten Ausgangswerten berechnet. Die Berechnung allfälliger Studienprogrammnoten als auch die der gewichteten Gesamtnote erfolgt exakt, das Ergebnis wird auf eine Nachkommastelle gerundet. Der Studienabschluss setzt die Note 4 oder besser voraus.

Zusätzliche Hinweise zur Leistungsbewertung
Diese Leistungsbewertung richtet sich nach der Rahmenverordnung für das Studium in den Bachelor- und Masterstudiengängen an der Wirtschaftswissenschaftlichen Fakultät der Universität Zürich vom 29. Juni 2015.

Meldepflicht

Die Studierenden sind verpflichtet, allfällige Unstimmigkeiten innert 30 Tagen nach Erhalt schriftlich dem jeweiligen Dekanat bzw. Studiendekanat zu melden. Nach Ablauf dieser Frist gelten die aufgeführten Daten als akzeptiert.
